Moonpelt

It had been 2 moons since Duskypaw died, and Shadowspark felt like Thunderclan was doing better now, that the lazy apprentice was gone. Shadowspark felt proud that she got rid of him, although others wouldn't say that. She was about to go and get some herbs when Moonpelt rushed into the den. "Shadowspark!" Shadowspark jumped so high she thought she hit herself on the den roof. "Great Starclan, you scared me!" Moonpelt smiled and dragged Shadowspark to her nest, Moonpelt took a deep breath. "Ok, look, I, am in love!" Moonpelt's eyes were dreamy and Shadowspark smiled awkwardly, nodding. "Ok, good for you, I have herbs to sort, so you can take your dreaming-"

"It's Jaystorm!"(**Yes people im basically shipping Jayfeather and Halfmoon**, **thats why the names are suspicious**), Shadowspark paused in her tracks, turning around to face Moonpelt

"Jaystorm? You mean Jaystorm who's always getting hurt?"

"Oh relax, he's just clumsy!"

"I-" Shadowspark was cut off

"So, I need you to help me"

"...No" Shadowspark turned her back at Moonpelt and flicked her fluffy tail

"You can be so annoying sometimes ya know?" Moonpelt grabbed Shadowspark by the tail and dragged her back to her. "You *will* help me, at least so that me notices me?" Moonpelt begged her and acted sad

"...You want me to help?"

"Yes!"

"...With your love"

"Uh-huh!"

"...A medicine cat..."

"Uh-huh"

"You want me, a medicine cat, who has never fallen in love with any cat ever, to help you with love?"

"Uh-huh!" Moonpelt looked so happy Shadowspark just smiled and rolled her eyes, Shadowspark sat down and looked at Moonpelt, "And apparently *I'm* annoying" Moonpelt pretended she didn't notice and looked her in the eye. "What do I doooo?", Shadowspark blinked once, twice, and sighed, "I don't know.... tell hi-"

"NO, most definitely no! I cant just tell him why would I do that, don't you know I cant do that?????" Moonpelt's eyes were full of surprise and worry

"I mean, I said I didn't know anything, soo..." Shadowspark said flicking her ear.

"Okay lets go discuss over a nice thrush hmm?" Without waiting for an answer Shadowspark grabbed Moonpelt by the scruff and dragged her to where Jaystorm was, about to leave to hunt. "HEY JAYSTORM, wait up!!" Jaystorm looked back before tilting his head at Moonpelt being dragged with the most annoyed look on her face. "Here Moonpelt wants to tell you something" Moonpelt's eyes widened and she laughed nervously. "No, no I don't.."

"Yes you do"

"Shadowspark"

"*Moonpelt"* Shadowspark walked away into the medicine den but still angled her ear to listen. "Uh-uhm Sha-"

"Do you wanna go hunt with me?" Jaystorm interrupted her unaware of how innocent he looked to Moonpelt. "...uh- sure! I'll be glad to come!" Jaystorm smiled lightly and motioned her to follow. Once Jaystorm had his back turned Moonpelt looked ready to faint but still followed. Shadowspark watched their tail whisk past the bramble tunnel before flicking her tail in amusement, *'I'm amazing at whatever I just did'* Shadowspark smirked to herself.

Good day

Gaddamn its been like 5 years or smth, ik most of the readers are prolly gone, but i will still continue this book. I'm cringing so hard re reading this shi, but i'm still gonna continue it cuz I genuinely have nothing better to do. 🧐🧐

it's almost the end of holidays, schools starting soon (yes im still in high school 😒✌) but I have the will to finish this. Also, my old friend, yael(now alex i believe) if you are getting notifications for this book, HESITATE to contact me pls 😊

I shall start with re writing the old chapters, i haven't read the recent-est books, i haven't read the Broken code, only up to that. This will prolly be useless, all of ya'll have probably moved on from the series, but I wanna finish it for the sake of my sanity.

good luck to me, have fun, if u read this
